Your Next Steps

We recommend following these steps to make sure that you are doing what is best for your operations.

✓ Download a list of discontinued Raritan part numbers to determine if a product/model in its end-of-life is in use in your operations.

✓ Review your existing service contract terms to understand your remaining coverage.

✓ To select an alternative or comparable Raritan product offering, contact your Raritan sales representative, as a direct replacement product is often available.

✓ Breathe easy knowing that you will have expert support from the Raritan team to help you during your transition to a newer Raritan product offering.
