## Your Next Steps

We recommend following these steps to make sure that you are doing what is best for your operations.

- ✓ Download a list of discontinued Raritan part numbers to determine if a product/model in its end-of-life is in use in your operations.

- ✓ Review your existing service contract terms to understand your remaining coverage.

- ✓ To select an alternative or comparable Raritan product offering, contact your Raritan sales representative, as a direct replacement product is often available.

- ✓ Breathe easy knowing that you will have expert support from the Raritan team to help you during your transition to a newer Raritan product offering.
